Dear County Council:

On behalf of the citizens of Mono and Mulmur, and the members of MC², we wish to go on record in agreeing with the position taken by the Dufferin County Council in your decision to reverse the 3 severances previously granted by the Town of Amaranth on prime farmland. It is imperative that the official plan that was previously put into place to protect the loss of farmland to further development be held to the letter and enforced as it is a slippery slope when official plans are ignored. Such a precedent could have encouraged others with time and resources to follow suit and it is important to all of us to protect our precious farmland in keeping with plans that were put in place by the townships to avoid just such an outcome.

We look forward to your continued diligence as was shown here with this case.

Yours sincerely,

Elaine Capes, Chair of MC²

On behalf of the MC² Board of Directors
